

Installation of Microsoft Touch Pack

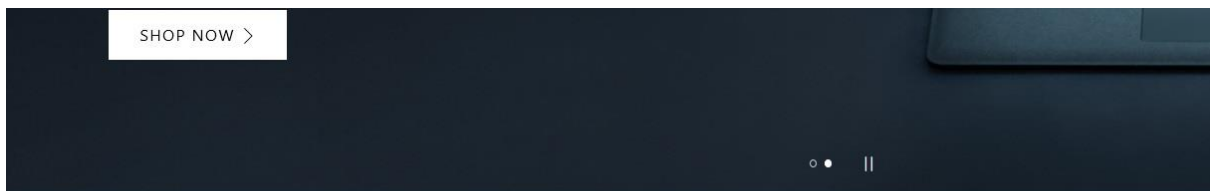

Please be aware that this fix will only work on Microsoft **Windows 7** machines that are connected to a touch screen.

Please follow detailed instructions below

- a) Open up an internet browser i.e. Google Chrome or Internet Explorer.
- b) Copy the link below into the address window

<https://www.microsoft.com/en-gb/download/details.aspx?id=17368>

c)

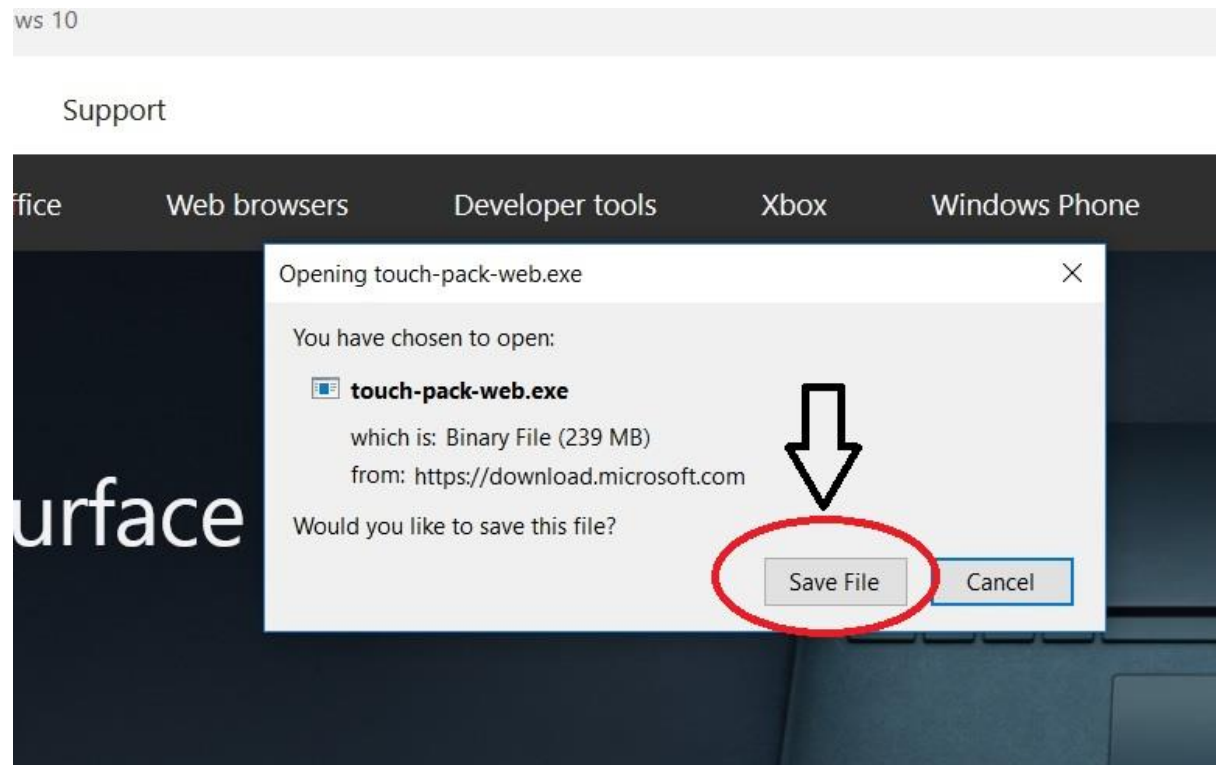

Microsoft Touch Pack for Windows 7

Click on download as per the diagram above.

d) Click on the Save File option box as per diagram below

- e) Browse to the download's folder and you should see the 'touch-pack-web.exe'. Double click on this icon.
- f) The program will ask 'Do you want to allow this app to make changes to your device?' Click yes.
- g) The program will ask what elements you wish to install from the following list: Microsoft Blackboard, Microsoft Garden Pond, Microsoft Rebound, Microsoft Surface Globe, Microsoft Surface Collage and Microsoft Surface Lagoon. Please make sure that only Microsoft surface globe and Microsoft surface collage are ticked and then proceed with install.
- h) Once the program has installed itself test the touch screen and make sure it is fully functional.
