Instant feedback, automatic marking and peace of mind.

Our affordable classroom sets of tablets save time and boost individual progress. They perfectly accompany your LbQ lessons and enable instant feedback to learners along with automatic marking, typically saving teachers one hour per lesson.

Devices are provided with soft-touch silicone covers and the LbQ Tasks app is pre-installed so your first LbQ lesson can start without delay. LbQ tablets can be used with Android apps and websites.

To provide peace of mind and for your convenience we include a comprehensive advanced replacement warranty service. This ensures that should a device stop working, we will send you a replacement unit along with a return prepaid envelope for the faulty item (damage not covered). Three USB charging hubs are provided along with leads so you can charge the devices in your classroom.
