

Android tablets - Kids Place

You can use the Kids Place app on Android devices to lock down which apps can be accessed on the device. LbQ are not affiliated with Kids Place and do not take responsibility for a school's use of the application.

Go on the Play Store and download 'Kids place'.

Click get started.

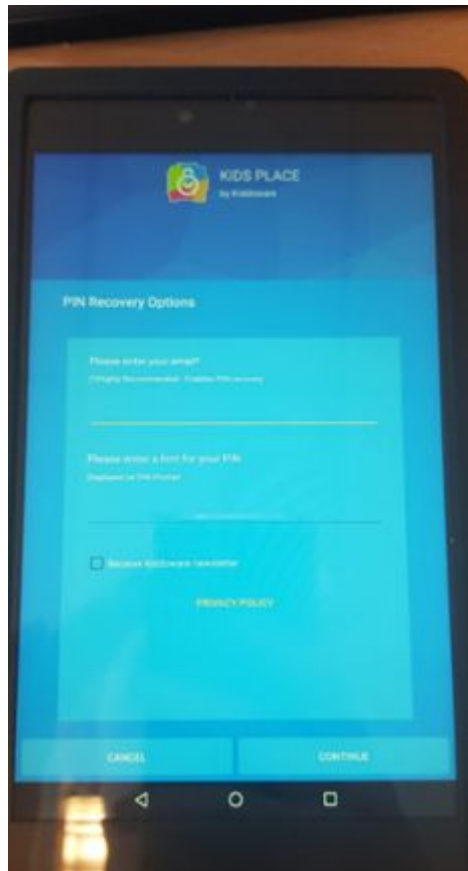

Enter a 4 digit secure pin code.

Skip account creation

Click continue.

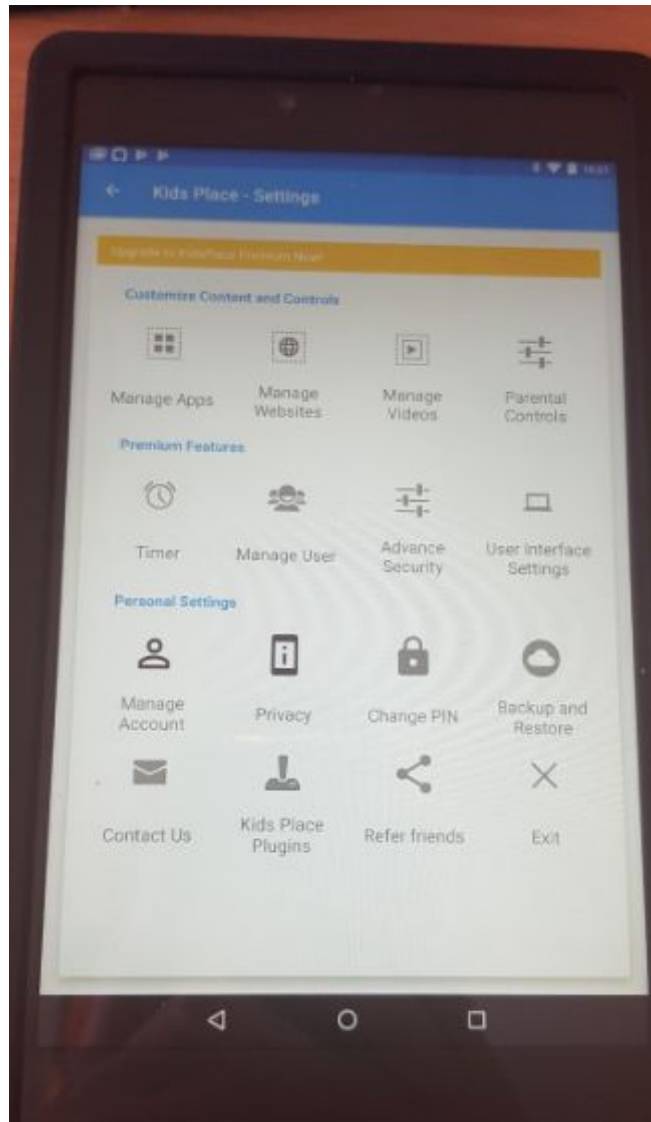

Allow kids place access.

Add apps to kids place, select LbQ tasks.

Opening settings and click parental controls.

Make kids place open on startup
